WHO WE ARE

We are a globally recognized consulting organization committed to driving innovation and excellence in infrastructure projects. Our team works collaboratively to deliver cutting-edge solutions that address the evolving needs of civil consulting, ensuring sustainable and impactful outcomes for our clients and communities worldwide.

MSV International Inc. was incorporated in the State of Washington, USA, in 2001. A global leader in transportation and infrastructure consultancy, MSV has established a strong presence across North America, Asia and Africa. An ISO 9001:2015 certified organization, MSV embodies the synergy of Management, Services and Value- the very principles behind its name.

Today, MSV stands as the flagship company of the MSV Group of Global Enterprises, headquartered in Seattle, USA. We take pride in being a CRISIL AA-rated and fully ICP compliant, ISO 9001:2015 certified organization, recognized among the best professionally managed civil consultancy firms worldwide.

OUR VISION & LEADERSHIP

VISION

Establishing MSV as a world-class consulting organization with a mission to deliver sustainable engineering solutions for our customers & communities On Time, Within Budget, As Promised, Anywhere.

MISSION

MSV stands committed to the highest performance standards by fully complying with the requirements of its clients and its Quality Management System.

We believe in turning our vision into performance.

“Every experience in your life is being orchestrated to teach you something you need to know to move forward. So observe every pattern as an opportunity of learning, because that’s the ultimate door of success.”

SURESH MALIK

Group Chairman, MSV International Inc.

“Infrastructure sector is highly responsible for fuelling overall development of a nation. We at MSV see it as a great opportunity to engineer meaningful changes to make the life of communities better by creating world-class infrastructure across the globe.”

PUSHKAR MALIK

Managing Director, MSV Group
